

**CAPISTRANO UNIFIED SCHOOL DISTRICT
GOVERNING BOARD MEMBER
TRUSTEE AREA 1**

NAME: JACK BRICK

OCCUPATION: Aerospace Director/Teacher

We need reform at CUSD.

That's why I was proud to support the June 24th recall election. I look forward to continuing the positive reforms now underway.

I'm a lifelong supporter and advocate for public education. I have a Masters Degree, a lifetime California Teaching Credential, and have been an educator in our public schools at the university level for 25 years. My wife is a retired teacher and both our daughters are public school teachers - one teaches in CUSD.

I served as the CSULB Director of Public Safety and was recognized by the FBI for achieving the lowest crime rate among the 270 largest U.S. universities - I'm committed to making our schools safe and drug free.

As Principal Director for a major aerospace firm, I gained expertise in the acquisition, construction and refurbishment of property - including complex administration, management and contract negotiations. I directed an agency with 170 employees and a multi-million dollar annual budget.

As your advocate, I'll ensure every child receives an excellent education in a safe, sanitary school. I'll support policies that promote:

- strong public education;
- maximum academic achievement;
- adequate classroom supplies;
- financial responsibility; and
- lower taxes.

I'll restore honesty, integrity and accountability to CUSD.
