

**ORANGE UNIFIED SCHOOL DISTRICT  
GOVERNING BOARD MEMBER  
TRUSTEE AREA 3**

**NAME: FLORICE HOFFMAN**

**OCCUPATION:** Business Owner/Attorney

As the mother of recent high school graduates and a PTA officer, I have seen first hand the shortcomings of our schools.

From overcrowded classrooms to golden handshakes for overpaid administrators, our district has lost sight of its fundamental commitment to educating our students and making sure our tax dollars are spent in the classroom.

It is time for change.

The interests and concerns of students and parents, not administrators, must be at the forefront of our educational agenda.

I believe fiscal transparency and parental involvement are important keys to the success of our schools. Education is essential in achieving the American Dream.

I will fight for: class size reduction and retaining smaller school sites; a full time Gifted and Talented (GATE) Coordinator; improving support for disabled students; and increasing educational opportunities which prepare our students for work, college and the global economy.

Finally, I am committed to working closely with police and local governments on the many issues affecting student safety including after school programs, traffic congestion and natural disasters.

Join me at [www.FloriceHoffman.com](http://www.FloriceHoffman.com) and together we can create the schools our children deserve.

Vote Florice Hoffman for Orange Unified School District.
