

**HUNTINGTON BEACH UNION HIGH SCHOOL DISTRICT  
GOVERNING BOARD MEMBER**

**NAME: JOHN BRISCOE** **AGE: 55**  
**OCCUPATION:** Trustee, Ocean View School District of Orange  
County

We can do better.

Count on me, an experienced business leader licensed by the State of California. My education includes an MPA and MBA with management expertise - including senior level positions at major U.S. corporations.

Count on me, a family man, a leader in Boy Scouts, AYSO soccer, PTA, Robinwood Little League, church, and school site councils.

I work diligently to display In God We Trust.

We must enhance student vocational career classes. It should not cost \$3000 to play a team sport. Physical Education must be rigorous and demanding. Site Councils must be empowered to investigate programs for student learning. Dropout rates must be cut and college attendance levels raised. Student dress codes should be enforced and instructional staff made available when parents call after work. We need to coordinate elementary and high school education for our children.

We can do better.

Great schools are the basis for true community. Property values increase based on education programs. The best measure of school performance is a waiting list to enroll and currently, no schools have waiting lists.

I will install programs that bring back families to our great schools.

Count on me.

We can do better.
