

# Outreach

We're on the cutting edge of voter outreach and our community engagement efforts span Orange County. At every step along the way, our devotion to engage voters in new and unique ways ensures people are aware of the voting process and the services we provide.

We are a leader when it comes to voter outreach programs – such as our award winning MyBallot student election program, Community Election Working Group (CEW), Election Academy, Street Team, Fleet, and Booth events – and more.

# Elections

Voting should not be complicated. That's why we've worked hard to simplify the process, while maintaining adequate protections to ensure voter confidence. We've developed tools for you to verify information in your voter record and track your ballot from start-to-finish. Plus, once the election is over, you can view up-to-the-minute results, maps, and data to help you track the progress of contests that you're interested in.

# Voting Options

Elections are no longer a one-day event. Voting begins the month before any election day. Take advantage of the alternatives available to avoid congestion – from voting-at-home, drive-thru ballot drop-off, in-person voting options, ballot return via United States Postal Service, or personally delivering your ballot to us – the choice is yours.

# Your Vote

My No. 1 job is to ensure that we conduct fair and accurate elections for the citizens of Orange County. Encompassed in this enormous responsibility is our focus on election security, innovation, efficiencies, and transparency.

We will keep fighting to keep the pledge that we deliver on our commitment to protect your vote, uphold voter rights and operate in an open environment. There are many components to that obligation – from our policies and procedures to your experience when casting your ballot – and everything in between. Above all, our highest responsibility is to count your vote and let your voice be heard.

## Making it easy and secure

**ORANGE COUNTY REGISTRAR OF VOTERS**

# Our Responsibility

A large part of our responsibility is to work diligently on election security, which is an extremely important part of our operations. There has been a great deal of attention on issues related to ballot integrity, voter registration systems, and ensuring the eligibility of voters.

Orange County has been aggressively enacting security measures to protect our elections. We believe a proactive "ring of security" is critical to safeguard the millions of ballots that are cast in Orange County during each election cycle.

We will continue to focus our resources on the protection of our election systems and overall election security. We remain committed and proud of our involvement at the forefront of election security planning and post-election auditing.
